Passionate **Full-Stack Developer** with Strong Proficiency in **React Native**, **MERN Stack**, and **Next.js**, crafting **High-Performance** Apps from **Scratch to Production** with Optimal Efficiency and Smooth Functionality. 🚀

FREELANCE EXPERIENCE

OOHK - Multiple Cuisines in One Click | [Android](#) - [IOS](#)

SEPTEMBER 2024 - Present

- Developed a multi-cuisine food delivery platform with **AI-integrated payment processing** and a **self-payment QR scanner**.
- Integrated **Stripe** for secure payments and **Lalamove** for real-time delivery, along with a **coupon system** and **rewards program** to boost user engagement and retention.

HITHOT - Social Media App | [Android](#) - [IOS](#)

AUGUST 2024 - NOVEMBER 2024

- Optimized and restructured app performance for **faster load times** and **smoother functionality**, achieving **Instagram-like speed** and efficiency.
- Refactored codebase to **reduce app size** and **increase responsiveness**, resulting in a **streamlined, high-performance** user experience.

GrabFood HK - Grab More, Save More | [Android](#) - [IOS](#)

JUNE 2024 - AUGUST 2024

- Developed a food delivery platform for Hong Kong markets, integrating **Stripe** for secure payments and **Lalamove** for real-time deliveries.
- Implemented a **coupon system** and **rewards program** to boost user engagement and retention.

Occult KKouple - Astrology App

MARCH 2024 - JUNE 2024

- Created an astrology app with features like **tarot readings**, **healer consultations**, **numerology reports**, and a curated **astro mall**.
- Implemented **in-app ads** for monetization and enhanced user engagement with social sharing features.

Rent Walah - Rent Sahi, Milega Yahin

SEPTEMBER 2023 - FEBRUARY 2024

- Designed and developed a property rental platform focusing on streamlining connections between **tenants** and **property owners**.
- Implemented **location-based** listings to provide users with relevant property options.

HeyAstro - Astrology App

JANUARY 2023 - SEPTEMBER 2023

- Developed a full-fledged astrology app with **React Native** and **Strapi API**, incorporating features like **video calling**, **daily horoscopes**, and **payment processing**.
- Enhanced user engagement with personalized astrological insights and seamless in-app navigation for a smoother experience.

Connecting Cyber Networks - CCN

JUNE 2022 - JULY 2022

- Worked in a collaborative team environment, gaining hands-on experience with **full-stack development** using the **MERN stack**, **Next.js**, and **React Native**.
- Built proficiency in developing scalable web and mobile applications while enhancing communication and teamwork skills.

Shah Market App - Mall Management Simplified

OCTOBER 2021

- Developed an app for mall management, streamlining operations for mall owners and providing users with **product details**, **offers**, and **events**.

Enrollge - College Student Platform

OCTOBER 2020 - NOVEMBER 2021

- Developed a comprehensive platform for college students to access **video lectures**, **previous year questions**, and **university news**.
- Integrated **in-app updates** and **push notifications** to keep students informed of the latest university announcements and updates.

EDUCATION

Poornima College of Engineering, Jaipur — *B Tech Information Technology*

AUGUST 2020 - JUNE 2024

Holy Angels Convent School, Bharuch — *Class 12 (Maths)*

APRIL 2018 - APRIL 2020

KEY PROJECTS

Mailtracker_ - Effortlessly track email delivery

MAY 2023

- Developed an **email tracking** tool to help users analyze and optimize their email communication through **real-time** insights.

AppBuildX - Simplifying Software Development

NOVEMBER 2021 - JANUARY 2022

- Simplified the app development process for businesses by creating modular **pre-coded** solutions to reduce development time and costs.
